Ms. Crystal Byers  
Rockwood Property Management LLC  
1421 N Meadowwood Lane Ste 200  
Liberty Lake, WA 99019

Dear Crystal:

Thank you for your letter dated April 21, 2014 appealing the denial of your request for Internet Vehicle/Vessel Information Processing System (IVIPS) contract that you received on April 17, 2014. It is our intent to make working with the Department of Licensing as easy as possible for businesses while still protecting the personal information of Washington State citizens.

In your letter of appeal you stated, "Under DPPA, section (b)10 *Permissible Uses*, we would qualify as an authorized party to the information because we are operating a private toll transportation facility." We have examined your claim and have determined that Rockwood does not qualify under Drivers Privacy Protection Act (DPPA) section (b)(10). Although the DPPA does not define "toll transportation facility", common language and Washington State statutes does make clear that private apartment parking lots are not "toll transportation facilities".

After reviewing the specific claim above, I conducted another review of your application to determine if there were other permissible uses that would qualify Rockwood to receive the information provided in IVIPS. As a result of that review, I was unable to find another permissible use Rockwood would qualify for.

For these reasons, I am upholding the denial of your application for an IVIPS account. If you have any questions or concerns, please contact me at 360-902-3961 or by email [jrice@dol.wa.gov](mailto:jrice@dol.wa.gov).

Sincerely,

DocuSigned by:
